

NOV 22 2023

MEMORANDUM

No. 324, s. 2023

To: ALL CONCERNED PERSONNEL

Subject: IMPLEMENTATION OF THE GOVERNMENT ENERGY MANAGEMENT PROGRAM

In line with the commitment to energy conservation and in compliance with the *"Implementing Rules and Regulations Directing the Institutionalization of a Government Energy Management Program (GEMP)"*, all concerned personnel are hereby directed to set thermostat controls to achieve a room temperature of **25 degrees Celsius**.

The purpose of this directive is to optimize energy usage and contribute to the overall efforts in sustainable resource management as mandated by the GEMP.

Moreover, the GEMP also states that lights and other electronic devices, such as the computers, shall be turned off when not in use, both for conservation and safety purposes.

This directive shall be implemented on the 1st of December 2023. Your cooperation in this matter is crucial in achieving our energy conservation goals and promoting a sustainable workplace environment.

For your information and appropriate action.

ROLYN C. DAGUIL, PhD
University President
