Executive Summary:

In the words of Dr. Seuss, "You can find magic wherever you look. Sit back and relax. All you need is a book." This sentiment encapsulates the essence of our recent reading webinar aimed at developing phonemic awareness, word and phrase recognition, and comprehension among struggling readers. The primary goal was to prevent literacy difficulties at an early age by developing and sharing reading materials suitable for home teaching. The initiative highlighted the importance of early intervention in reading and underscored the magical journey books can provide, opening doors to new knowledge and adventures.

The first speaker at the webinar emphasized the expected services to partner schools, which include conducting training workshops on instructional material development, imparting pedagogical techniques to home teachers, and offering both online and face-to-face reading tutorials. The project targets elementary-grade pupils from the partner school, as well as home and in-service teachers, aiming to boost reading abilities among struggling and non-readers alike. This extension program is designed to be mutually beneficial, enhancing teachers' instructional skills while significantly improving students' reading performance. By focusing on these areas, the program helps to create a robust foundation for literacy that will serve students throughout their academic journeys and beyond.

The second speaker addressed the significance of using reading tools to enhance comprehension and reading skills. She demonstrated an assessment tool used to gauge students' reading levels, discussing the pre-and post-tests based on the PHILIP-IRI assessment tool employed at their school. The data showed that while many students started as non-readers, their performance improved notably after the intervention. Additionally, Ms. Marivic, another speaker, dedicated ample time to lead reading sessions for each grade level, illustrating the effectiveness of the school's reading program. Her detailed account of the strategies used to develop students' reading skills highlighted the success of their approach, making a compelling case for the continued and expanded use of these methods. The overall reflection on the webinar was one of success, with participants feeling inspired and equipped to enhance their reading instruction practices.

Day 2 (May 11, 2024)

The webinar on effective beginning reading strategies highlighted the fundamental building blocks essential for shaping children's reading abilities. Emphasizing the status of reading in the Philippines, the speakers outlined significant reading problems such as the non-mastery of reading elements, the absence of a reading culture, poor pronunciation, slow reading rates, word-by-word reading, and limited parental involvement. Socio-economic factors and teachers' lack of competencies to address reading difficulties, coupled with restricted access to and budget for reading materials, further complicate the situation. The webinar underscored that reading research consistently shows a direct correlation between reading frequency, improved reading skills, better comprehension, and higher achievement.

Addressing these challenges, the webinar focused on the critical components of reading, which include phonemic awareness, phonics introduction, fluency instruction, vocabulary instruction, and comprehension instruction. The discussion detailed how teachers should start with letter sound recognition, progressing through systematic phonics and fluency exercises to build robust reading skills. The stages of reading development were also outlined, from emergent readers (birth to six years) to advanced readers (fifteen years and older), providing a comprehensive framework for educators to assess and support students at various reading stages. Effective teaching strategies such as phoneme blending, phoneme categorization, phoneme identification, phoneme segmenting, phoneme deletion, listening games, and rhyming exercises were emphasized as practical tools to enhance phonemic awareness and overall reading proficiency.

Incorporating Francis Bacon's wisdom that "Reading maketh a full man; conference a ready man; and writing an exact man," the webinar reinforced the idea that reading is crucial for enriching knowledge and fostering understanding. By reading extensively, individuals not only improve their reading skills but also enhance their comprehension and overall intellectual achievement. The sessions highlighted the necessity of a supportive reading environment, both at home and in schools, and the importance of equipping teachers with the necessary skills and resources to effectively teach reading. Overall, the webinar provided valuable insights and actionable strategies aimed at improving reading education and addressing the multifaceted challenges faced by students and educators in the Philippines.

Day 3 (May 18, 2024)

Effective reading strategies are essential for developing strong literacy skills in students, providing the foundation for academic success and lifelong learning. Key strategies include phonemic awareness, phonics, fluency, vocabulary, and comprehension instruction. Phonemic awareness involves teaching children to recognize and manipulate sounds in words, while phonics focuses on the relationship between letters and sounds, helping students decode new words. Fluency instruction aims to improve reading speed and accuracy, enabling smoother and more expressive reading. Vocabulary instruction enhances word knowledge, which is crucial for understanding texts, and comprehension instruction teaches students to extract meaning and think critically about what they read. By integrating these strategies, educators can create a comprehensive approach to reading that addresses the diverse needs of learners.

The importance of reading in daily life cannot be overstated. Reading is not only a fundamental academic skill but also a vital tool for personal and professional growth. It expands vocabulary, improves concentration, and enhances critical thinking and problem-solving abilities. In daily life, reading enables individuals to access information, follow instructions, and engage in informed decision-making. It fosters empathy by allowing readers to experience different perspectives and cultures, thus broadening their understanding of the world. Moreover, reading for pleasure provides a means of relaxation and stress relief, contributing to overall well-being.

Incorporating effective reading strategies into everyday routines can significantly impact an individual's success and quality of life. For students, mastering these strategies early on sets the stage for future academic achievements and opens doors to various opportunities. For adults, maintaining strong reading skills is crucial for career advancement and staying informed in an ever-changing world. Ultimately, fostering a culture of reading at home, in schools, and within communities encourages continuous learning and intellectual development, ensuring that individuals are well-equipped to navigate and contribute to society.

Proceedings (This part must include the following: relevant information, issues and concerns, records of discussion during the open forum, among others.)

This prompted a thorough discussion on the importance of proper video editing and approval processes to ensure the quality and accuracy of training materials. The organizers' quality and accuracy of the training materials. The organizers assured the participants that the video had undergone the necessary editing and approval procedures, alleviating concerns.

Throughout the deliberations, participants demonstrated a high level of engagement and cooperation. They shared valuable insights and suggestions, contributing to a deeper understanding of the issues at hand. The collaborative spirit of the forum was evident as participants worked together to find practical solutions and ensure that all concerns were adequately addressed.

The training workshop, as a whole, was highly effective. It provided a platform for educators from various schools to come together, share their experiences, and learn from one another. The structured yet open format of the forum allowed for a comprehensive discussion of pertinent topics, ensuring that no issue was left unresolved.

In conclusion, the workshop concluded on a positive note, with all participants expressing satisfaction with the outcomes. The forum not only resolved all immediate concerns but also fostered a sense of community and mutual support among the participants. The successful resolution of issues and the effective communication strategies employed during the forum set a positive precedent for future workshops and collaborative efforts within the Butuan City Division.

READING
ENHANCEMENT
AND
DEVELOPMENT
INITIATIVES IN THE
NEW NORMAL FOR
GRADE-SCHOOLERS
EXTENSION PROJECT

The online workshop is designed to launch the READINNG program, educate teachers, pre-service teachers and parents as home teachers on effective reading strategies and distribute reading materials to the partner school. It highlights the need for teachers to be trained in motivating students intrinsically to learn to read effectively. Due to challenges like school closures during the COVID-19 pandemic, initiatives such as upskilling teachers in reading pedagogies are crucial for promoting reading interventions.

Reading Enhancement and Development Initiatives in the New Normal for Gradeschoolers (READINNG)

Leo L. Codilla Jr., EdD

Dean, CEd/Project Leader, READINNG

Basic Information about READINNG

 READINNG is an expanded version of the previous project Beginning Reading Para sa mga Tsikiting (BRPT). It is entrenched on the AGAK Center agenda that is to help promote quality education in the new normal. It is under the umbrella of the extension program EDUCATION or Enhancing Deftness in the Utilization of Appropriate **Technology and Intervention for Optimal Nurturing** in Caraga.

Basic Information about READINNG cont'd

• READINNG also supports the Brigada Pabasa of DepEd-Caraga in cooperation with Caraga State University through the College of Education.

READINNG Objectives

- 1. develop among the struggling readers phonemic awareness, word and phrase recognition and reading comprehension;
- 2. prevent literacy difficulties at early age; and
- impart among home teachers (parents) strategies and techniques in beginning reading and;
- 4. develop and share reading materials which may be used in home teaching.

READINNG Implementation

Series of Training-Workshops *IMs Development *Pedagogical Techniques Needs Assessment and Categorization Impact Assessment of Learners Online/F2F **Reading Tutorial**

READINNG Activities

- 1. Training-Workshop/Webinar on Approaches, Strategies and Techniques on Beginning Reading (for pre-service and in-service teachers and hometeachers/parents)
- Training-Workshop/Webinar on Instructional Material Development for Readers (Design and Development) (for pre-service and in-service teachers)
- 3. Training-Workshop/Webinar on the Implementation of the Developed Reading Material (for pre-service and in-service teachers, and home-teachers/parents)
- 4. Training-Workshop/Webinar on the Evaluation of the Developed Reading Materials (for pre-service and in-service teachers)
- 5. Reading Tutorial (for pre-service teachers)

READINNG Target Beneficiaries

- 1. elementary grade pupils from the extension partner school
- 2. home teachers (parents)
- 3. in-service teachers from FR Sibayan Central Elementary Schools, Lemon Elementary School, Babag Elementary School, Pedro D. Duncano Elementary School, Tagabaca Integrated School and Pianing Elementary School

Rebus Puzzles

Answer: breakfast

STAND TRY2

• The answer isn't "try to stand." If that's what you thought, keep guessing.

•Answer:

Try to understand

REBUS RIDDLE

RIGHT RIGHT

www.rebuspuzzler.com

Answer: Equal Rights

• The word RIGHT is written two times equally (in the same font and size). So the correct answer can be interpreted as "Equal Rights."

REBUS RIDDLE

Issue Issue Issue Issue Issue Issue Issue Issue Issue Issue

www.rebuspuzzler.com

Answer: Tennis Shoes

In the hint image the word 'Issue' is written ten times which can be read as 'TEN ISSUES'. The words 'TEN ISSUES" can also be pronounced as 'TENNIS SHOES' when reading quickly.

BRAIN TEASER

READING

Can you guess the correct word or phrase?

Answer: reading between the lines

• The phrase 'Reading between the lines' means, to try to understand something that is not literally said or written explicitly. But to understand what was really meant by the person, when he or she said something.

Brain Teaser

E more more more more

www.rebuspuzzler.com

Answer: Ready for more

• In the hint image, the alphabet 'E' is give in RED color, that is RED E, which can be pronounced together as 'READY'. After that the word 'more' is given four times, which can be read as 'four more' and pronounced and 'FOR MORE'. Combining both the parts, the correct answer can be interpreted as "Ready For More".

Stages of Reading Development

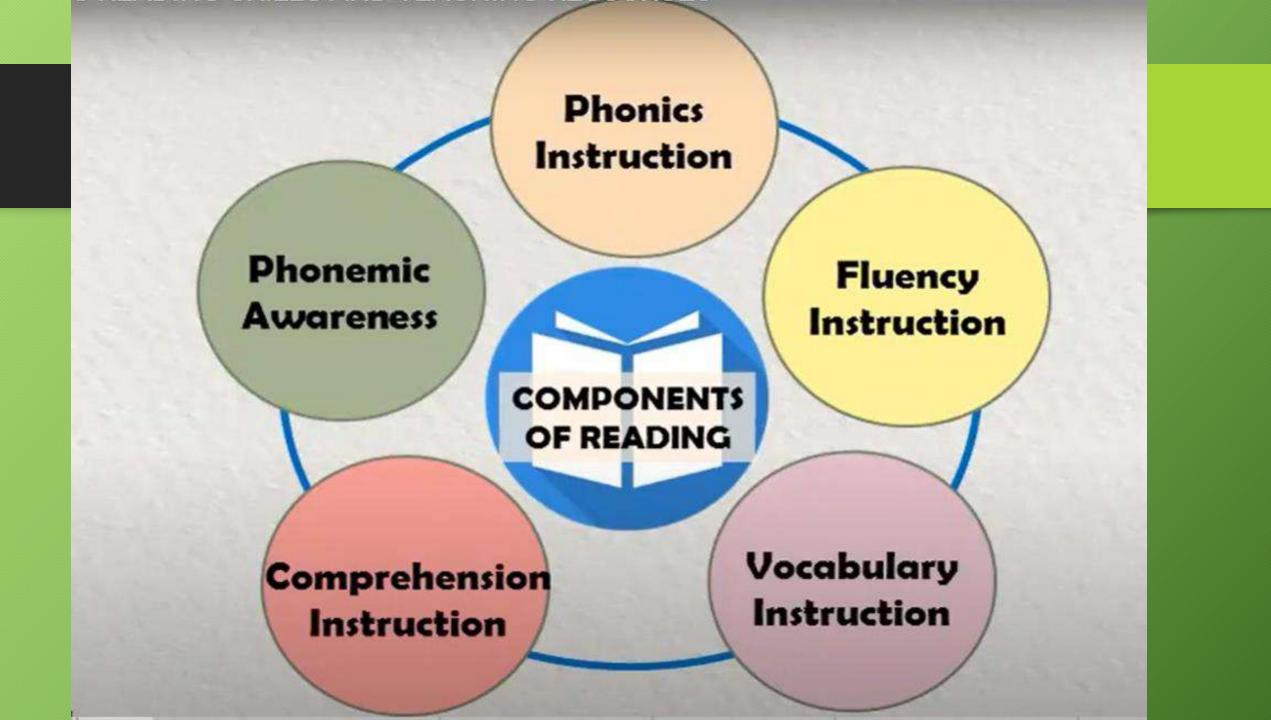

Stages of Reading Development

As cited by Dr. Noremay B. Perez

Beginning Readers

- Age Range: typically from 6 to 7 years old
- Grade level: 1 and 2
- Characteristics:
 - Learning letter-sound correspondences (phonics).
 - Decoding simple words.
 - Expanding reading vocabulary.
 - Reading simple texts independently.
 - Developing basic comprehension skills.

PHONEMIC AWARENESS

- Phonemic awareness is the ability to notice, think about, and work with the individual sounds (phonemes) in spoken words.
- Phonemic awareness is the understanding that words are composed of sounds.
- Example:

Fish (has three phonemes)

F-i-sh

1

PHONEMIC AWARENESS

- How we teach it?
- Provide explicit and systematic instruction focusing on only one or two phonemic awareness skills such as segmenting and blending
- Link sounds to letters as soon as possible

1. Phoneme blending Ex. What word is /b/, /u/, /s/?

/c/, /a/, /t/

/r/, /a/, /t/

2. Phoneme categorization For example, which word does not belong to the group?

bus, bun, rag door, plate, desk ball, cat, big hot, hat, shirt

3. Phoneme identity for initial, final, and medial sounds

For example, what sound do these words start?

moon, map, monkey bike, big, bubble

4. Phoneme Segmenting

Ex. How many phonemes are there in 'ship'? (sh/i/p)

```
cat
sit
gum
```

1

PHONEMIC AWARENESS TEACHING STRATEGIES

5. Phoneme deletion

Ex. What is 'smile' without the /s/?

What is "frat" without /f/?
What is "split" without /l/?
What is "pray" without /r/?

6. Listening Games

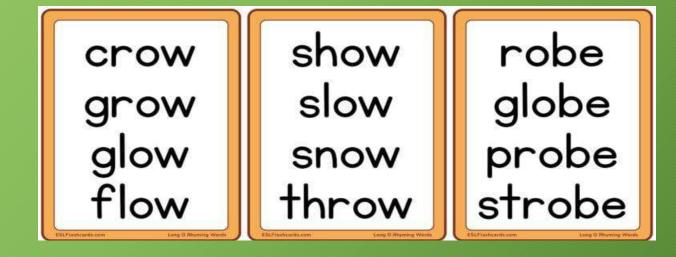

Ex. Follow the leader, Simon says ... "bag."

- a. "What am I thinking of? It falls from the sky.

 Answer: "R-ai-n"
- a. "What am I thinking of? I sleep in this at night. Answer: "B-e-d"

7. Identifying & making rhymes

Ex. 'Cat, hat, bat are words that rhyme.'

2 PHONICS INSTRUCTION

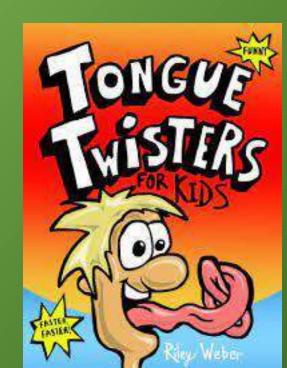

• Phonics is a method of instruction that teaches students correspondences between graphemes (letters) in written language and phonemes (sounds) in spoken language and how to use these correspondences to read and spell.

2 PHONICS INSTRUCTION

- How we teach it?
- Provide explicit, systematic phonics instruction that teaches a set of lettersounds relations
- · Give substantial practice for children to apply phonics as they spell words.

PHONICS INSTRUCTION TEACHING STRATEGIES

- 1. Purposely use games to support sound-letter connections
- Ex. (tongue twister)
- Peter Piper picked a peck of pickled peppers.
 A peck of pickled peppers Peter Piper picked.
 If Peter Piper picked a peck of pickled peppers,
 Where's the peck of pickled peppers Peter Piper picked?

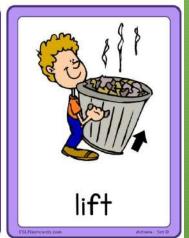

PHONICS INSTRUCTION TEACHING STRATEGIES

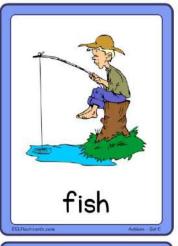

· 2. Name cards

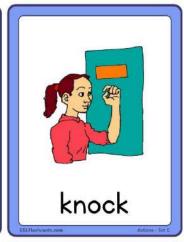

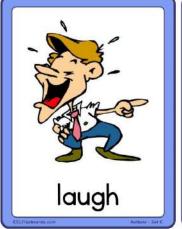

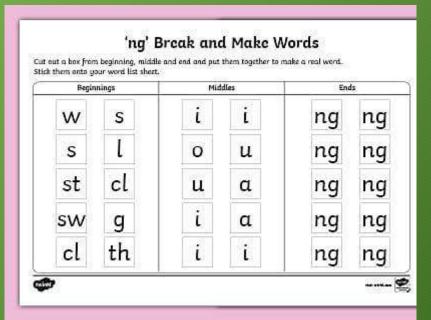

2

PHONICS INSTRUCTION TEACHING STRATEGIES

• 3. Making and breaking words
The teacher makes a word
that the child already knows
from their current reading.
Example: hike, mike, bike

3 FLUENCY INSTRUCTION

 Reading fluency is the ability to read accurately, rapidly and with expression so the reader can process and comprehend what has been read.

3 FLUENCY INSTRUCTION

- How we teach it?
- Provide opportunities for guided oral repeated reading.
- Match reading texts and instruction to individual students.

• 1. Choral Reading Choral reading is reading aloud in unison with a whole class or group of students.

nttps://www.google.com/search?q=choral+reading+ph+kids&sca_esv=8ae81ea246257316&sca_upv=1&rlz=1C1KNTJ_enPH1073PH1073&udm=2&biw 36&bih=599&ei=LMw9ZvuOCprA4-

3

FLUENCY INSTRUCTION TEACHING STRATEGIES

• 2. Taped Reading In this activity, the teacher tapes the children reading individually.

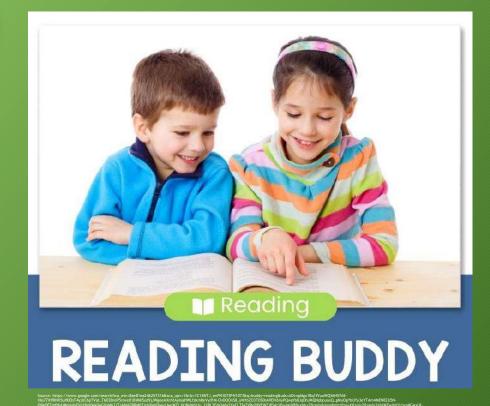

3. Echo Reading
The teacher models
fluent reading and the
children repeat the
reading to the teacher.

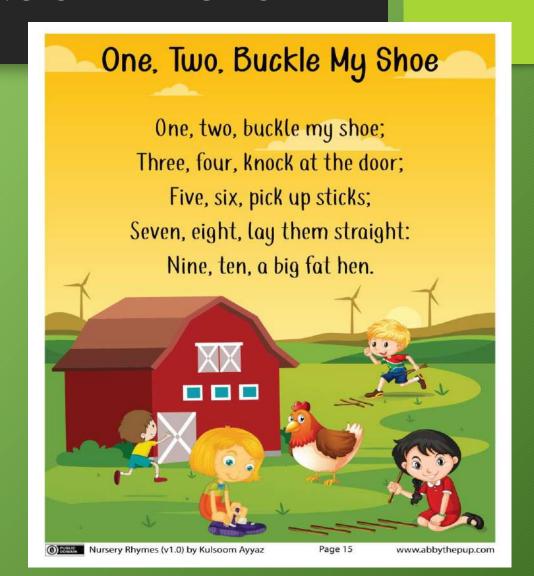

4. Buddy Reading
Older children are paired with younger children.

5. Songs, finger plays, poetry and nursery rhymes can be used to practice fluency.

4

VOCABULARY INSTRUCTION

- Vocabulary is the range of words a student understands.
- Vocabulary development is the enrichment and extension of pupil's word knowledge and understanding.

4

VOCABULARY INSTRUCTION

- · How we teach it?
- Provide opportunities for students to receive direct, explicit instruction in the meanings of words and in word learning strategies.
- Engage children in daily interactions that promote using new vocabulary.

VOCABULARY INSTRUCTION TEACHING STRATEGIES

- 1. Small words in big words
- CATERPILLAR
- · Answers: cat, pill, at

VOCABULARY INSTRUCTION TEACHING STRATEGIES

• 2. Word of the week

Students will be challenged to develop and extend their vocabulary through learning and using a specific word each week.

VOCABULARY INSTRUCTION TEACHING STRATEGIES

• 3. Word Taxonomy

 It refers to the classification or categorization of words based on their semantic relationships, syntactic properties, or other linguistic features

5

COMPREHENSION INSTRUCTION

•Reading comprehension is the process of determining the meaning of the text.

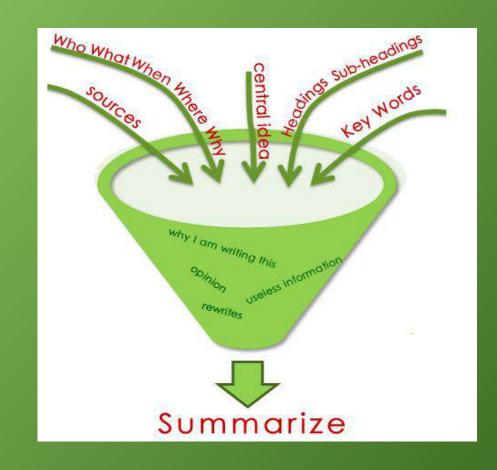

5

COMPREHENSION INSTRUCTION

- How we teach it?
- Teach comprehension strategies such as previewing and summarizing text
- Provide comprehension instruction before, during and after reading

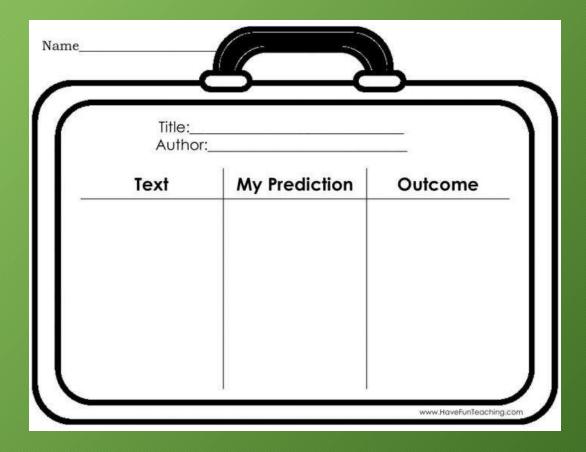

COMPREHENSION INSTRUCTION TEACHING STRATEGIES

- 1. Summarizing and Paraphrasing
- Reducing larger texts to focus on important elements

COMPREHENSION INSTRUCTION TEACHING STRATEGIES

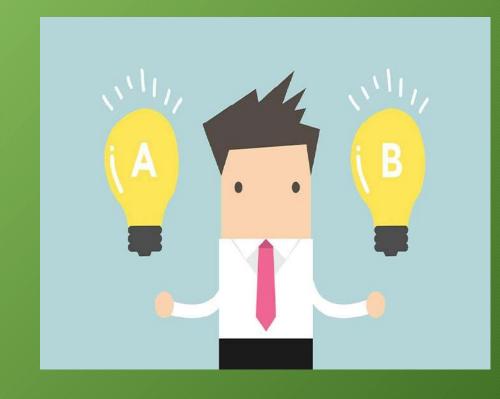

- · 2. Predicting
- Based on clues in text (pictures, subtitles, etc.)

5

COMPREHENSION INSTRUCTION TEACHING STRATEGIES

- · 3. Comparing
- Thinking more specifically about the connections they are making
- Ex. How is this different to?

Other Effective Beginning Reading Strategies Based on Research

1. The use of Marungko Approach

It is intended to provide Grade One students with the necessary reading skills to improve their reading performance. Basically, the Marungko approach, which is associated with phonics, was first introduced to two teachers namely Nooraihan Ali and Josefina Urbano at De Los Santos Community School in Marungko, Angat, Bulacan, Philippines. Based on this reading approach, Laud and Reyno (2014) stated that children are taught to recognize the letter sounds of the Filipino alphabet.

Boltron, M. T., & Ramos, A. L. (2021). Improving Beginning Reading Literacy through Marungko Approach. ASEAN Journal of Basic and Higher Education, 5(1), 1-12.

The Marungko Approach

• 1. The first 5 lessons are as follows: m, s, a, i, o. Teach each sound and form until mastery before a new sound is introduced.

• 2. After the first 3 sounds have been mastered, these can be combined to form words, phrases, or sentences. Start blending of sounds. Every new sound is introduced with previous sounds already learned and in various combinations into words. Start blending of sounds.

The Marungko Approach

• 3. Introduce function words that cannot be taught through the phono-syllabic method as whole words, e.g., ang, ng, mga, ay.

 4. After the first 5 sounds have been mastered, any other sound can be taught in relation to sounds already learned. The suggested sequence is as follows: b, e, u, t, k, l, y, n, g, ng, p, r, d, h, w. Remember to blend only the sounds that were taught and mastered.

Other Effective Beginning Reading Strategies Based on Research

2. Phono-visual oral sound blending meaning (PVOSBM) approach

It is a technique in teaching beginning reading based on the Phono-Visual Oral Sound Blending Meaning (PVOSBM) Method. The learners hear (phono), see (visual), say (oral, sound blending and meaning.

Bayron, G. (2023). Effectiveness of the Implementation of Phono-Visual Oral Sound Blending Meaning (PVOSBM) Approach in Teaching Beginning Reading and Performance of Grades 1 & 2 Pupils in Reading. International Journal Of Advanced Multidisciplinary Studies.

Other Effective Beginning Reading Strategies Based on Research

3. Fuller approach

The Fuller Approach approach is a combination of the alphabet, phonics, and whole methods of teaching word recognition. The technique requires that the beginning reader first have the following; Mastery of the names and shapes of the letters of the alphabet.

Goyja, C. (2023). Effectiveness Of Fuller Approach In Teaching Reading Among Grade 3 Pupils. European Journal of Education Studies.

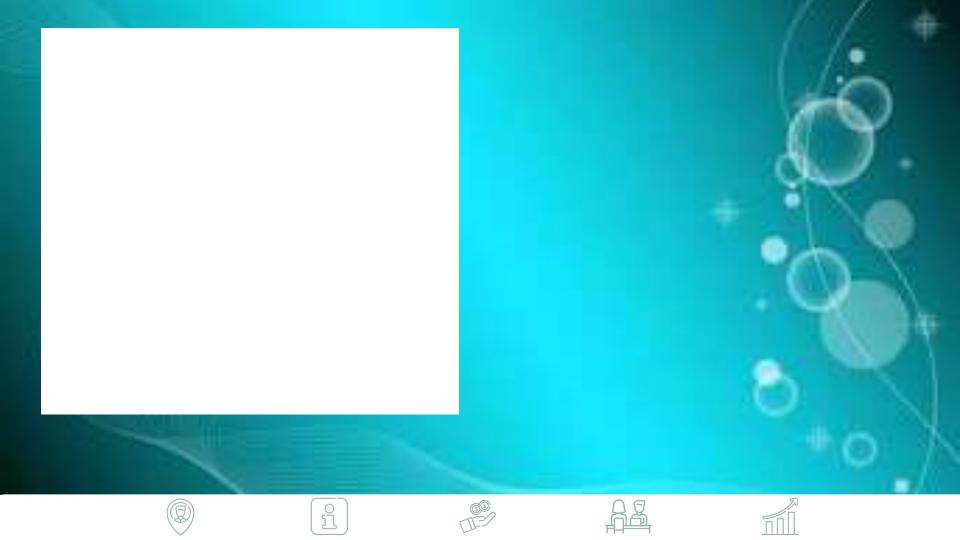

Fuller Approach

The first letter we teach is Mm, followed by Ss, Ll, Tt, Hh, Cc, Rr, Nn, Bb, Gg, Pp, Dd, Jj, Ww, Vv, Zz, and Yy. X is a final sound in all beginning reading words (as to mix, fix, six, ax); the sound of x is taught when these words are introduced. K has the same sound as the familiar sound of C. The beginning readers often need clarification when the sound of K is introduced. A few beginning words start with k (Badillo et al., 2020)

Why Remediate?

There is a direct relationship between literacy and academic achievement.

- ✓ Poor reading ability can cause anxiety and depression to learners throughout their schooling.
- ✓ Reading is a pre-requisite of all learning areas.
- ✓ 80% of the Filipino students did not reach the minimum level of proficiency in reading

The Programme for International Student Assessment (PISA) results revealed that reading is among the areas that fifteen-year-old students in the Philippines scored lower than those in majority of the countries and economies that participated in PISA 2018.

Causes of Reading Difficulties

Causes of Reading Difficulties

Non-Mastery of the Elements of Reading

Presence of Learners-at-Risk No Culture of Reading

A. Non-Mastery of the Elements of Reading

Poor phonological awareness

- difficulties on sound blending
- did not know the strategy that by putting up phonemes together they will be able to read a word

Non-mastery of alphabet knowledge

- confusion between the letter name and letter sound
- difficulty to distinguish letters from one another

Non-mastery of phonics

difficulty in blending the various sounds or phonemes of a word together in proper order to arrive at a pronunciation

Poor word recognition and vocabulary

- very limited bank of sight words
- can only read CVC words

Poor fluency skills

Learners who find difficulty in learning the skill in decoding words tend to refuse to read

Lack of comprehension

- instruction is only focused on decoding
- can decode words but of poor vocabulary

B. Presence of Learners-at-Risk

Presence of non-readers

> could not even identify the letter names and letter sounds

Poor health condition

affected the ability to assimilate instruction and build self-confidence

Presence of LSENs in regular class

no specific assessment utilized for the LSENs

Lack of interest in reading

refusal to cooperate with those who would help them due to negative reinforcement

Lack of orientation and training to teach reading among new teachers

newly assigned teachers do not have any training in beginning reading

Frequent absenteeism of learners

learners help at home in running errands and taking care of their younger siblings

C. No Culture of Reading

Lack of opportunity for independent reading

fast readers assisted the struggling readers instead of doing independent reading activities

Lack of reading materials

> story books were developed but these materials were not yet reproduced for maximum utilization

Failure to give learners sufficient guidance for reading

comfort in using usual strategies instead of utilizing innovative approaches

Absence of parents, teachers and learners reading partnership

Parents seem to be resistant because they were not trained on how to teach phonics among beginning readers

story books were developed but these materials were not yet reproduced for maximum utilization

3 MODELS of Reading Strategies

Bottom-up

*Learning to read progresses from children learning the parts of language (letters) to understanding whole text (meaning).

Interactive

3 MODELS of Reading Strategies

Top-down

*Teaching students to read by introducing them to literature as a whole.

*Instead of teaching students to read by sounding out each word in a sentence, teachers read whole passages of a text.

*Students begin to use context clues to decipher unfamiliar words.

*Readers use both knowledge of word structure (*Bottom-up*) and background knowledge to interpret the texts they read (*Top-down*).

Top-down

When it comes to reading interventions, one size does not fit all. **Every student is unique** and will benefit from a different approach to reading instruction. **Teachers and parents** must work together to find the best intervention strategy for each student.

Reading Intervention Initiatives

Literacy Program

Individual Reading Recovery Program

Reading Enhancement Program

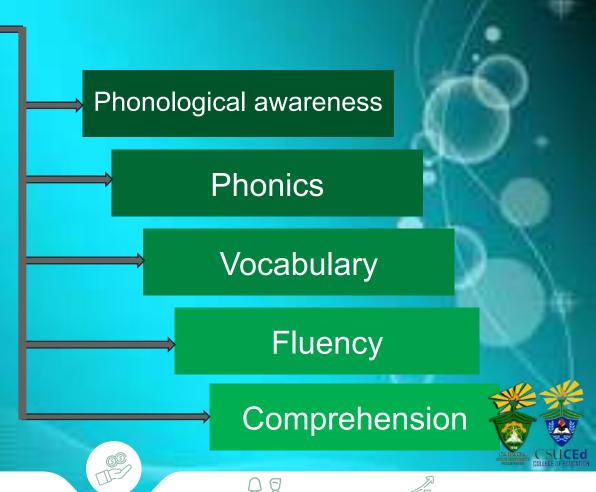

Oral Language

- expand their vocabulary;
- increase the complexity of the language structures they use;
- become language risktakers;
- develop confidence in the way they communicate;
- clarify their thinking and deepen their understanding of their world; and
- tune into the sounds of standard language

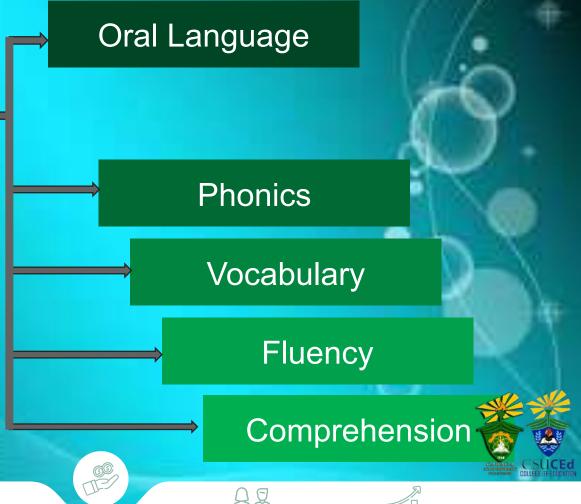

Phonological awareness

- Phonological awareness refers to the ability to focus on the sound of speech.
- It connotes an awareness of rhythm, rhyme, sounds, and syllables.
- Phonological awareness enables children to focus on the separate sounds in words called phonemes.

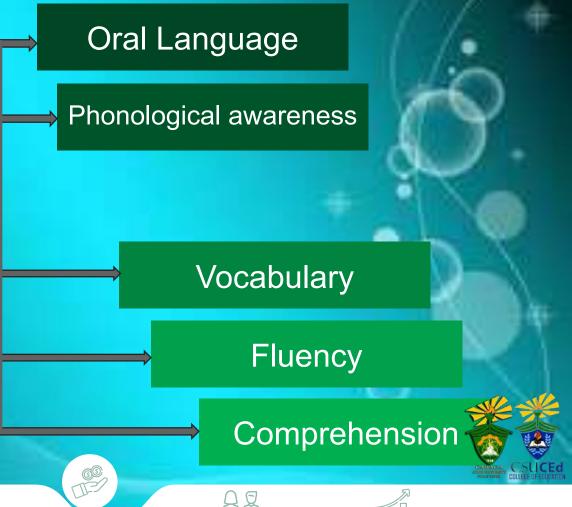

Phonics

- Phonics recognizes the relationship between letters and sounds. sometimes called the "alphabetic principle".
- Phonics instruction is not appropriate to help children understand irregular "sight" words such as said, was, and saw.

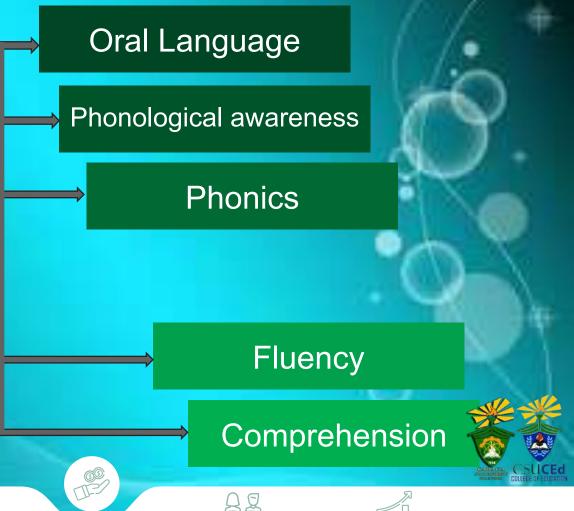

Vocabulary

- Knowing the meaning of a word implies the likelihood of the ability to read it and interpret it contextually.
- Vocabulary is, for the most part, can be enhanced by encountering new words repeatedly in conversations, story listening, reading, and through different media.

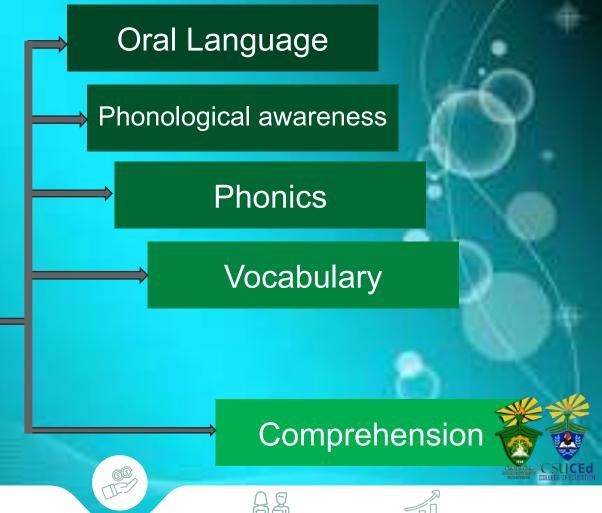

Fluency

- Fluency does not amount to reading quickly. It is the ability to make reading sound like spoken language.
- Fluency is correlated with comprehension.
- Familiarity with words contributes to fluency.
- Reading quickly without attending to punctuation, expression, and comprehension is not fluency. Reading rates should not be at the expense of comprehension.

Comprehension

- What makes reading effective is the understanding of the purpose of the reading itself and adjust the behaviors according to that purpose.
- These behaviors include skimming, scanning, or reading closely for details.
- Comprehension is made up of a toolkit of strategies that should explicitly be taught, namely:

Predicting and activating prior knowledge Monitoring and Clarifying Determining importance

Phonological awareness

Individual Reading Recovery Program Individual Tutoring

Daily 30- 45 Minute Sessions

Informal Diagnosis and Daily/Weekly Monitoring of Progress

Individual Tutoring

- The one-on-one arrangement is the most powerful form of intervention instruction.
- It enables the tutor to plan an individual program for the learner; to closely observe his daily reading and writing behaviors to monitor his progress; and give him full attention.
- Sitting beside the learner is more reassuring.

Daily 30- 45 Minute Sessions

Informal Diagnosis and Daily/Weekly
Monitoring of Progress

Daily 30- 45 Minute Sessions

- Daily one-on-one instruction increases the power of intervention.
- There is no sufficient research evidence to show that longer intervention sessions held two or three times a week would result in better progress.

Other Reading Intervention Strategies

Reading Aloud

Reading aloud is one of the simplest and most effective intervention strategies for students who are struggling with reading.

When a student hears someone else read, it helps them to understand the text better and makes it easier to remember the information. In addition, reading aloud can improve a student's fluency and pronunciation.

Word Analysis

This approach involves breaking down words into their individual parts and then teaching students how to use this information to figure out the meaning of a word.

This can be done by teaching students the meaning of prefixes, suffixes, and root words and then giving them practice using this information to determine the importance of new words. This can also help teach students how to spell words correctly.

*color - colorful - colorless

Guided Reading

Guided reading is a popular intervention strategy for students who are struggling with reading. In this approach, the teacher works with a small group of students to help them improve their reading skills.

The teacher provides support and instruction as the students read texts that are at their level of difficulty.

Partner Reading

In this method, a student reads aloud to a partner, who helps them sound out words and provides encouragement.

This interaction can help students improve their reading skills while building relationships with supportive peers.

Why Do We Need Thinking Activities?

Comprehension and critical thinking are so closely related, it's fair to say you can't fully comprehend without some type of critical thinking. As teachers try to meet curriculum objectives, they are concerned with their students' comprehension skills. By identifying individual skills needed for comprehension, teachers can provide practice in critical thinking in order to develop these skills.

Project ZERO

HARVARD UNIVERSITY, BOSTON

Project Zero researchers designed thinking routines to deepen students' thinking and to help make that thinking "visible."

What is a THINKING ROUTINE?

A thinking routine is a set of questions or a brief sequence of steps used to scaffold and support student thinking.

Thinking Routine is a short, easy-tolearn, mini-strategy that extends and deepens a learner's thinking.

Types of Thinking Categories

CORE THINKING ROUTINES

INTRODUCING & EXPLORING IDEAS

DIGGING DEEPER INTO IDEAS

SYNTHESIZING & ORGANIZING IDEAS

INVESTIGATING OBJECTS AND SYSTEMS

PERSPECTIVE-TAKING

CONSIDERING CONTROVERSIES, DILEMMAS, AND PERSPECTIVES

GENERATING POSSIBILITIES AND ANALOGIES

EXPLORING ART, IMAGES, AND OBJECTS

GLOBAL THINKING

Circle of Viewpoints

A routine for exploring perspectives.

Purpose: What kind of thinking does this routine encourages?

This routine helps students see and explore multiple perspectives. It helps them understand that different people can have different kinds of connections to the same thing, and that these different connections influence what people see and think.

Application: When and where can it be used?

The routine works well with topics and artworks that deal with complex issues. It also works well when students are having a hard time seeing other perspectives or when things seem like there are only two sides to an issue.

Circle of Viewpoints

A routine for exploring perspectives.

- Brainstorm a list of difference perspectives.
- 2. Choose one perspective to explore, using these sentence-starters:
- I am thinking of ... the topic ... from the viewpoint of ... the viewpoint you've chosen
- I think ... describe the topic from your viewpoint. Be an actor—take on the character of your viewpoint
- A question I have from this viewpoint is ... ask a question from this viewpoint

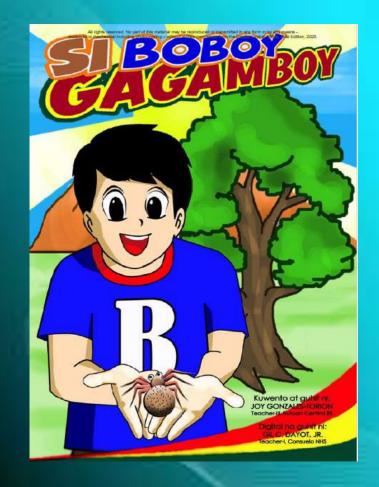

This is a story about a boy who loves playing with spiders. An event made him realize that spiders are helpful creatures and decided to stop catching spiders.

Circle of Viewpoints

I am thinking of *spiders* from the viewpoint of *Boboy*

I think spiders are___.

The question
I have is:
How can I
catch more
spiders?

Compass Points

A routine for examining propositions.

Purpose: This routine helps students flesh out an idea or proposition and eventually evaluate it.

Application: This routine works well to explore various sides and facets of a proposition or idea prior to taking a stand or expressing an opinion on it.

Compass Points

A routine for examining propositions.

- E = Excited What excites you about this idea or propositions? What's the upside?
- W = Worrisome What do you find <u>worrisome</u> about this idea or proposition? What's the downside?
- 3. N = Need to Know What else do you <u>need to know</u> or find out about this idea or proposition? What additional information would help you to evaluate things?
- 4. S = Stance or Suggestion for Moving Forward What is your current <u>stance</u> or opinion on the idea or proposition? How might you move forward in your evaluation of this idea or proposition?

(What excites you about this idea?)

Compass Points

E

(What excites you about this idea?)

I am excited to catch a lot of spiders to play with.

(What do I need to know about this idea?)

N

(What do I need to know about this idea?)

I need to know that spiders are not meant to be caught because they are helpful.

Compass Points

Compass Points

(What is your stance about this idea?)

S

(What is your stance about this idea?)

I'd rather choose not to go with my friends catching spiders.

I Used to Think... Now I think...

Purpose: This routine helps students to reflect on their thinking about a topic or issue and explore how and why their thinking has changed. It helps consolidate new learning.

Application: This routine can be used whenever students' initial thoughts, opinions, or beliefs are likely to have changed as a result of a learning experience. This may be after reading new information, watching a film, or listening to a speaker,.

I Used to Think... Now I think...

Think about what you have learned about the topic we have been studying and complete the following sentence stems:

I used to think...

Now I think...

I used to think....

Spiders are just toys.

Now I think....

Spiders are helpful creatures.

Spiders are not meant to be caught.

"Alam ko na kung ano ang malaking tulong ng mga gagamba," sabi niya.
Sa araw na iyon, naintindihan ni Boboy Gagamboy ang halaga ng mga gagamba. Kalianman ay hindi na siya nanghuhuli ng mga ito. Ibinahagi rin niya ang kaniyang nalalaman sa mga kaibigan.

See, Think, Wonder

Purpose: This routine encourages students to make careful observations and thoughtful interpretations. It helps stimulate curiosity and sets the stage for inquiry.

Application: Use the routine with a relevant object at the beginning of a new unit to motivate students' interest, or try it with an object that connects to a topic or subject matter.

See, Think, Wonder

What do you see?

What do you think about that?

What does it make you wonder?

See, Think, Wander

What do you see? I see a spider.

What do you think about that?

I think a spider is fun to play with.

What does it make you wonder? I wonder if this animal can be helpful to us.

What Makes You Say That? (Adapted)

Purpose: This routine cultivates observation, description, explanation-building, and evidence-based reasoning.

Application: Use this routine when you want students to look closely at something and uncover their reasoning about the way it works, how it came to be, or why it is the way it is.

What Makes You Say That? (Adapted)

What's going on?

What do you see that makes you say that?

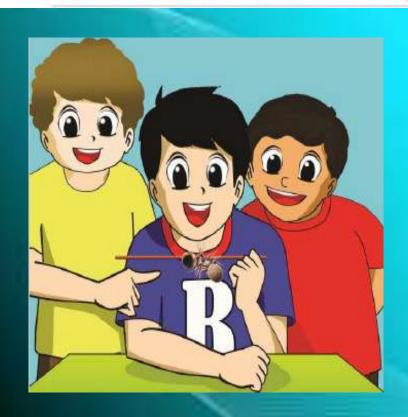

What Makes You Say That? (Adapted)

What's going on? Kids are having fun playing with spiders.

What do you see that makes you say that?

Their faces show they are laughing while playing.

Using thinking routines inside the class can deepen students' reading comprehension.
